Letter Nr. 17/09/2026

To whom it may concern,

SIA Līva AB Nord, reg. No. 40103281001, address Lagatas L, Marupe district, LV-2167, has supplied door to **Selós ehf.** for installation for project *360 Hotel boutique retreat & spa* in Iceland.

The supplied door for this project has been manufactured according to allowed variations by multiple fire, smoke and durability tests performed on the door. These tests have been carried out according to relevant product testing standard (EN 1634-1, EN 1191, EN 1634-3). All test results and permitted product variations has been summarized in Extended field of application report No. 21-001867-PR01 (KB-C04-01-en-01) (30.05.2025) issued by ift Rosenheim, Germany, and produced under product *Series 1300* name. Extended field of application reports are common in modern fire-door production industry. The aim is to cover multiple product designs in most sustainable way and to radically reduce the re-testing of the same designs.

The application by **Selós ehf.** for *Series 1300* HMS license to distribute products in Iceland is underway. Products under name *Series 1300* meet all the requirements for door to be distributed in Iceland. The factory of SIA Līva AB Nord is regularly inspected by **Kiwa Sertifiointi Oy** and the FPC process is done according to EN14351-2:2019.

A handwritten signature in blue ink, consisting of several overlapping loops and strokes, positioned to the left of the printed name.
